Directions for Use

Cleaning and maintenance

Apply the diluted **Junckers SYLVA WASH POLISH MATT** in an even, thin layer. Let dry.

Scratches and gloss variations

Apply undiluted **Junckers SYLVA WASH POLISH MATT** in an even, thin layer, e.g. with a mop. Buff the surface until a dry and even appearance is obtained. Let dry.

The floor is ready for use after approx. 30 minutes, depending on the temperature of the surroundings and the quantity applied.

Stripping of **Junckers SYLVA WASH POLISH MATT** in excessive layers is done with **Junckers Sylva Strip**.

Important!

Before use of the product, read the label on the container carefully and observe the advised precautionary safety measures.

Important!

Shake well before use.
